# TANZANIA DUSTY ADVENTURES SAFARI

## Tour Highlights

Amazing wildlife viewing in a safari specially build 4x4 car with a pop-up roof for you to take wildlife photos easily

Visit Arusha town which is a gateway to the Northern Safari circuit (this depends on your arrival time on the first day)

Game drives in Tarangire, Serengeti and Ngorongoro Crater.

Enjoy your evenings at the hotel as our drivers are flexible so you can arrange with your driver to go back to your hotel early.

Pick up from Arusha town and drop off at Arusha town or airport

## DAY 1: Arrival

The group arrives at Kilimanjaro Airport (JRO). Participants are met by a representative of Ensembles Explores Adventures and transferred to a hotel in Arusha.

## DAY 2: Tarangire

In the morning after breakfast (around 7:30 AM) your safari guide will arrive at the hotel and inform the receptionist that he is waiting for you. After meeting up with your driver you will travel to Tarangire National Park, and by 10:00 AM you will already be on your first safari!

In this park you have the chance to see lots of wild Tanzanian animals (lions, buffaloes, giraffes, zebras, etc.), but above all else it is famous for its astonishing number of elephants, who typically tend to stay close to their drinking source, the Tarangire River.

You should be aware that this is wild nature, so the guide cannot make any guarantees on the presence of specific wild animals, but you can be sure he will do his best to find everything you're looking for!

At lunch time you will be provided a meal, after which the safari will continue. In the evening you will be transferred to the hotel located on the edge of the Ngorongoro volcanic crater.

### Additional notes:

This is your first day on safari, so we ask that you please pay special attention to the national park's visitor rules and our company recommendations.

- During the safari it is strictly prohibited to exit the vehicle, except for in specially designated areas. Violations of this rule may be accompanied by large fines for the company, including the revocation of its license.
- Off road driving is also prohibited, as such behaviour may cause irreparable damage to the fragile balance of the natural ecosystem.
- During the safari you are allowed to smoke, but be extremely careful about how you extinguish and dispose of cigarette butts, as they are a frequent cause of fires in the *savanna*.
- In addition, we sincerely request that you not put your feet on the safari car's seats, nor sit on the back of them, because this type of behaviour quickly makes the cars unusable.

Thank you in advance for your understanding.

### Day 3: Serengeti National Park

After breakfast you will start the safari by being transferred to the central part of the Serengeti (also called Seronera). Here your driver will try to find the animals you're the most interested in. Closer to lunch time you will visit the Serengeti Visitor Centre, where you will be offered a lunchbox and provided with lots of interesting information not only about the animals' populations, but also about the history of the National Park. Also, in this area you will be able to see hyraxes, which are the elephant's closest relatives.

It is difficult to describe in detail all the animals of the Serengeti valley, for they number in the thousands: elephants, buffalo, ostriches, giraffes, jackals, hyenas, lions, antelopes, leopards and cheetahs—just keep your eyes peeled and enjoy the nature around you. In the evening you will be transferred to a hotel, where you will have dinner and be able to rest.

### Day 4: Full day in Serengeti National Park

After breakfast in the morning you will safari in the eastern and southern parts of the park. The greater part of these areas is a savanna with wide open spaces, which provides a likely opportunity to see cheetah hunting antelopes. Lunch boxes will be served during the game drive.

By evening you will be transferred to a hotel or camp in Serengeti, where you will have dinner and be able to rest.

### Day 5: Serengeti National Park- Ngorongoro Crater

After breakfast in the morning you will proceed with the game drive till mid noon, where you will drive back to the camp for hot lunch.

By evening you will be transferred to a hotel or camp in Ngorongoro, where you will have dinner and be able to rest.

## Day 6: Ngorongoro Crater

On this day it is best to leave the hotel/camp as early as possible so you can see the variety of animals that are only active during the morning hours; breakfast will be packed in lunchboxes specifically for this purpose. At 6:30 AM you will set off for Ngorongoro Conservation Area, and after about an hour you will already be inside the crater. Ngorongoro is one of the most famous and interesting of Tanzania's national parks because here you can find the greatest number of different animal species per square kilometre. You will have the chance to see buffalo, elephants, lions, wildebeests, zebras, hippopotamus and feline species such as caracals and servals. The luckiest travelers might even see a rhinoceros, an animal whose numbers are rapidly declining.

By lunch time you will arrive at the lake side, where you will be offered lunchboxes, after which the safari will continue, ending in a few hours with a transfer to Lake Eyasi campsite for overnight Lake Eyasi Area.

## Day 7: Bushman in Lake Eyasi - Arusha

Early wake up time, breakfast and travel to Lake Eyasi with a visit of Hadzabe (Bushman) village, where you can watch their daily life and participate in real hunt with them. In the afternoon you will have a break and driver will give you lunch-boxes. After this stop the safari will continue, and by evening you will be transferred back to Arusha.

Note: Hotel check-out is at 11:00 AM. In case you need a late check-out because of an evening flight, you have the option to extend your hotel stay till 6:00 PM for an extra fee.

6 Days

**DUSTY ADVENTURES SAFARIS**
