DAY 1: Arrival

An Ensembles Explores Adventures driver who will take you to your hotel will await you at Kilimanjaro International Airport (JRO).

DAY 2: Trekking From Nalemuru Gate to Simba Camp

You will meet your mountain guides and crew in the morning before setting out for Kilimanjaro National Park's northern entrance: Nalemuru Gate (2,020 m). Here, the head guide will acquire the necessary permits and finalize search and rescue registration.

This day's trek through coniferous forest of Kilimanjaro's northern slope to Simba Camp is moderate, taking you up to 2,625 m. Remember not to hurry and maintain a comfortable pace. By the time you reach the camp, our professional mountain crew will have pitched your tents and started dinner preparations.

It is advisable to adhere to the following rules from the very beginning of your climb:

- Stay away from alcohol and caffeine.
- Make sure you drink a minimum of 4 litres of water every day, taking it frequently and in small doses.
- The use of Diamox tablets is a good idea as it staves off altitude sickness symptoms. These are taken in the morning before the day's climb. Consult your family doctor to make sure that you can safely take it.
- Do not be unduly alarmed if you experience discomfort during the night- high altitude has this effect on the human body. Nausea and headaches are a common occurrence in the mountains. However, make sure you alert your guide to any symptoms of altitude sickness.

After your successful ascent to Uhuru Peak, you can descend to the nearest glacier if desired. Then you will return to Kibo Camp and after a two-hour rest continue your descent to Horombo Camp (3,720 m).
